CORAL GABLES
THE CITY BEACHES

Coral Gables is proud to be home to a vibrant and diverse business community. To better understand the needs, challenges, and priorities of our local businesses, the Economic Development department conducted a National Business Survey in early 2025. The feedback we received offers valuable insight into what's working—and where we can improve—to support continued economic success. These results will help shape future programs and policies that strengthen our business environment. View the full survey results at coralgables.com/survey.
