

# 3D Jellyfish Artwork

## Materials

- Hot glue • Markers • Colored Paper
- Scissors • Pipe Cleaners • Felt Cloth

## Directions:

- 1) Cut a strip of yellow paper and glue it to the bottom of blue paper. Then using a brown marker, put little dots over the yellow to make it look like sand.
- 2) Cut pieces of pipe cleaners to resemble seaweed and hot glue them over the sand.
- 3) Now using the felt clothes cut the body/head of the jelly fish and glue it on the center of your page.
- 4) Now cut pipe cleaners to resemble tentacles and glue them below your jellyfish's body.

Done!
