RE: Legal Opinion Regarding Miracle Mile and Giralda Avenue Streetscape Improvements

Date: February 1, 2017

I hereby approve the corrections administratively pursuant to sections 2-201(e)(1), (8), and (9) of the City Code. It is clear that the phrase “cost of providing solid waste services, facilities and programs to property” in one of the “Whereas” clauses is a scrivener’s error left over from a prior special assessment resolution related to solid waste services. This is evidenced by the express language of the title and operative paragraphs, as well as the first “Whereas” clause, all of which demonstrate that this special assessment resolution addresses the Miracle Mile and Giralda Avenue improvements, not solid waste services. In addition, this is also clear from the statements by the City Attorney at the public hearing on November 15, 2016 (Item E-10) indicating this related to the Miracle Mile and Giralda Avenue streetscape improvements, which statements preceded the Commission action. In such circumstances, the correction must be made to accurately reflect the Commission’s will.

Mr. Clerk, please prepare a corrected resolution for execution.

Hi Craig,

Please see email below and the attached... there was a typo in the resolution to assess the streetscape project and it needs to be corrected...

The attached PDF shows how it went to the Commission and the Word document shows the requested change in tracked changes.

Let me know if we can correct administratively. I need to get the corrected version to the Property Appraiser's office as soon as possible.

Thanks.

Hi Heather, hope you are doing well...

It appears that there was a typo in the resolution for the Streetscape that wasn't caught ... in the second whereas clause it states that the reso is for the Solid Waste Assessment... can you please provide the correct language so that I can get the Clerk's office to make the correction.

I received a call a call from the property appraisers office questioning it and they are requesting that we send them a correction.

Let me know as soon as possible.
