RE: Legal Opinion Regarding Actors Playhouse/Miracle Theater Repairs

Date: December 14, 2015

Pursuant to Sec. 5 of Resolution No. 2012-53, regarding insurance, "...the City Attorney and the City Manager or designee may act in the best interests of the City to settle any disputed matter, regardless of the amount of the settlement, where the City Commission has previously approved an insurance policy that would provide full of partial coverage for such settlement."

In the instant case, Johns Eastern and the excess insurance carrier are both involved in assessing the claim and have made an initial determination that the claim will likely be covered. Furthermore, the damage to the theater is one that possess a real life-safety issue and exposes the City to liability. Hence, it is imperative that the repairs be made as soon as possible so as to minimize potential harm to theater employees and visitors. The City Commission is aware of the issue, as it was discussed at the Oct. 27th Commission meeting during consideration of Resolution No. 2015-258, renewing the lease for Actor's Playhouse. The Commission expressed their collective desire to have this matter resolved as soon as possible.

Given the above, it is the opinion of this office, that the repairs should commence as soon as possible with the contractor deemed by City Staff to provide adequate services at a reasonable price, under the settlement authority given to the City Attorney's Office in Resolution No. 2012-53. This opinion is issued pursuant to Sec. 2-201(e)(1) and (8) of the City of Coral Gables Code, giving the City Attorney's Office the authority to issue opinions and interpretations on behalf of the City.

Importance: High

Miriam/David, since the cost of the renovations are in excess of the CM's authorization, the fastest way to process, through the City's procurement code, would be to present to the Commission as an emergency procurement under Section 2-771 at the January 12th Commission meeting. This process still has some hurdles.

Alejandro/Javier/Miriam, in order to procure this bid, the scope of work TCS provided for \$200k would have to be comparable to the other two vendor quotes and comparable to the scope of work provided by John Eastern. In other words, the three bids would have to be in line with the insurance scope in order to properly process through procurement.

Miriam, staff has done a lot of work to get to this point and the process of payment (even as an emergency procurement) will take some time and may extend the burden to Actor's operations. Could this fall within the City Attorney's authorization of settlements since it is an insurance claim that would not require going through the process above?

Javier/David, is the insurance proceeds for the renovations through our "self-insurance" funds or through a 3rd party insurance source?

Thank you all. We will request payment asap. We will have to do a special funding request which is done internally between our Pay Department and your Finance Department.

John: Mike is out tomorrow and this check is over my check request authority. Would you mind requesting payment after the special funding request is done?

Thanks again!

Javier, per our conversation after discussing the scope of damages with Alejandro Gonzalez, I am comfortable with having this estimate paid. Let's await to hear back from Miriam.

Miriam, please advise if you are also in agreement.

Miriam and David

This is a claim where the Miracle Theater, which is being leased by Actors Playhouse, was damaged because of water intrusion. Apparently, the water damage was caused by the faulty workmanship of Lee Construction, the contractor doing repairs on behalf of the City on the Miracle Theater. Their insurer is Amerisure.

A claim was presented against Amerisure. However, after long delays they finally

denied the claim and have not been responsive to our requests to reconsider their denial. Per our discussion today, the action plan is to report the amount of damages to the City's excess property insurance carrier, pay now for reasonable repairs, request reimbursement from the City's excess property insurance carrier and then pursue a subrogation claim against Lee Construction for the \$50k SIR (Self-insured retention also known as deductible).

Attached is the latest repair estimate in the amount of \$197,852.07. During our conference call, it was collectively agreed that the estimate is fair and reasonable. As such, we formally recommend payment in that amount. This is in excess of the already paid \$24,889 to the tenant as reimbursement for some expenses they have already incurred with.

Please let me know if you have any questions or if the City gives us the authority to proceed with the payment for the repairs.

Cordially;
